

How to Fix a Crashed Case File

- 1. Close the error message window then close the MUDPRO⁺ software.
- 2. Find a previous case file:

Open the "Backup" folder in C:\Users\XXXX\Documents\PVISOFT\Mudpro+\backup. Here saved on most recent case files. (The number of saved case files could be set up in MUDPRO+ - Option - Backup)

	llen ilene	MUDPRO+-Input	F 6.
Home Report Utility Help	Options		×
□] New Pad	Unit	Automatically Backup Case Files	
General General	Report	✓ Automatically Backup at Each Time You Exit the Program Number of Most Recent Saved Case Files	
	Network	Directory D:\Documents\PVISOFT\MUDPRO+\backup	
#1 1965.0 ft Date 4/22/2	Backup		
4/13/2022 19:00			

3. Double-click on the case file you needed. Please save this backup case file in a new location.
