3. After that, you may select from the following three options.
  - a. The option “to all” means the new prices will be applied to all existing reports. The prices and costs will be changed correspondingly.
  - b. The option “from now on” means the new prices will be applied from today’s report (today is included). Future reports will also carry the new prices.
  - c. The option “from” means; you can apply the new prices from a specified date. This specified day will be included.
